Appointing the Cash Verification Team:

- A team of disinterested persons appointed by the commander verifies the DO’s cash and other assets. Appoint team members in writing, and include at least two qualified personnel (except for small or remote locations where a one person team is authorized). Whenever possible, at least one person should have accounting or disbursing experience.

- It is in the best interest of a command to use the most competent personnel available. In cases where the DO also is the commander, the next higher commander in the administrative chain of command appoints the team. At small or remote locations, it may be desirable to limit the team to one member or have members appointed from serviced or associated commands.
Appointing the Cash Verification Team (cont):

- Cash Verification team members may **NOT** be in the DO’s chain of command. If possible, at least one member should be equal or senior rank to the accountable DO.

- In all cases, the appointing commander requires the cash verification team (or individual) to perform verification of all funds held by deputies; branch office cashiers; disbursing, paying, and collection agents; imprest fund cashiers, and change fund custodians, at least once each quarter. Appoint qualified persons with appropriate security clearances to verify emergency and extraordinary expense funds.
CASH VERIFICATION

Verification Procedures:

At least **ONCE** each quarter, the cash verification team must conduct a surprise verification of the cash and other assets under the accountability of the disbursing officer (DO). Generally, it is not practical to verify cash on days involving unusually high volumes of disbursing transactions. The cash verification team ensures that the DO and his/her agents are given neither formal nor informal advance notification of the intent to conduct the verification. Verification scheduling should be random to ensure it does not predictably fall during a particular time period each quarter.
Verification Procedures:

If an audit of the DO’s accountability has been conducted by transfer of account or if component investigative or audit agencies have conducted a verification during any given quarter, the commander may elect to omit a separate cash verification for that quarter. If such a determination is made, then the cash verification team prepares a written statement for the commander’s signature specifying the circumstances for the determination.

The cash verification team must maintain a good relationship with the SPO (Sustainment Supporting Officer). This relationship is contingent upon each section meeting their quarterly requirements and proper document submission to DFAS or higher headquarters.
**CASH VERIFICATION**

**Verification Procedures:**

Immediately upon arrival, the cash verification team presents a copy of its letter of appointment and, with continuous presence of the DO or deputy, assumes control over **ALL cash and other assets in the DO’s accountability.** If access is refused, the verification team leader immediately notifies the commander.

Each custodian of public funds prepares a DD form 2665 and the DO prepares a DD form 2657 for the close of business of that day and turns it over to the cash verification team. NO custodian of public funds may conduct further business until the cash verification team has completed the count of that custodian’s funds AND examined the inventory list of Stored Value Cards and Debit Cards. Normally, the duty’s cashier’s funds are verified first to minimize the impact on disbursing operations.

CASH VERIFICATION

Verification Procedures (cont):

If any agent’s cash accountability is not physically verified when the DO’s cash accountability is verified, NO quarterly verification of agent cash is considered to have been made. Verify documents representing unvouchered expenditures by determining that checks were issued to designated payees or that the signatures on cash receipts are authentic.

Examine un-deposited checks to ensure that they are negotiable instruments the DO is authorized to exchange for cash and the checks received as collections are maintained separately from those checks received in accommodation exchange transactions. Verify deposit tickets and through OTCnet that checks have been deposited.
Verification Procedures (cont):

Inventory both blank checks working stock and bulk storage to ensure that all check issues have been properly reported. Where roll stock of blank checks is used, conduct the inventory by recording the ending number from the reels and not by unrolling of the reel, which could destroy the stock. Examine voided and spoiled checks held by the DO pending local destruction to ensure they are properly defaced and stored in authorized containers. Inventory undelivered checks to ensure that none are missing, none exceed the time limit to be held, and all are properly safeguarded.
Verification Procedures (cont):
(Cash Holding Authority)

Compare amounts of cash held at personal risk by the DO and his or her agents to the authorization to hold such cash, as indicated by the commander’s signed letter.

LOSS OF FUNDS
Accountable officials entrusted with public monies are peculiarly liable for the loss or deficiency of the trusted amount, unless granted relief. This chapter provides information regarding the liability and relief of government officers and employees who are entrusted with public funds or who certify payments.
There are two types of physical losses:

- **Minor loss**: A physical loss of less than $749 without evidence of theft or fraud within the disbursing office is considered a minor loss.

- **Major loss**: A physical loss is a major loss if it meets one of the following criteria.
  
  a) Equal to or greater than $750
  b) Any loss resulting from a theft regardless of the dollar amount
  c) Any loss, regardless of the dollar amount, where there is evidence of fraud within the disbursing office; for example, embezzlement or fraudulent acts by disbursing personnel, whether acting alone or in collusion with others
The Cash Verification team will ensure that each loss of funds is supported by a Journal Voucher.
Upon notification of a possible loss, the Commander must request that the Cash Verification Team conduct an audit of the DO’s account. If the discrepancy is not resolved and qualifies as a major loss of funds as described in paragraph 060202 of this chapter, then report through the chain of command within 24 hours via email to:

Disbursing-DebtManagementPolicy@DFAS.MIL or by mail to the Relief of Liability Section, Disbursing/Debt Management Policy Division, Defense Finance and Accounting Service Indianapolis (DFAS-NPD/IN), Column 329F, 8899 E. 56th Street, Indianapolis, IN 46249.
